

Alternate Realities Lenormand
"Bonus Cards"

The author of the Alternate Realities Lenormand includes three Bonus cards along with the deck; a Yes card, a Maybe card, and a No card.

The instructions that come with the deck are for the Lenormand cards only, and do not provide information about these 3 Bonus cards.

These bonus cards are intended to be used in a similar manner as drawing Lots. You shuffle the three cards together face down, while thinking about a question that can be answered with a Yes, Maybe, or No. You then pick a card to reveal your answer.

NOTE: The Bonus cards are cut from the same sheet as the Lenormand cards, so they can not be purchased separately. If you are not interested in the Lenormand, simply extract the Bonus cards and gift the Lenormand to a Lenormand student.
